## Benefits to be gained:

- An invaluable knowledge exchange platform for leading organisations.
- The chance to exchange ideas, share experiences and discuss best practices.
- Access to credible data and case studies from all organisations involved.
- The option to consult vastly experienced peers on common FM issues.
- Evidence-based and ready-to-implement outputs per seminar.

As informal networking forms an important ingredient to our FM seminars, we would like to end with drinks and nibbles.
